LOUGHBOROUGH

Their application process is fully underway now.

Students will be invited in to an applicant event for their chosen area(s). These are running monthly so students will be invited to the first available event, or an alternative if required.

After completing this event students will be made an offer, which they need to accept within 30 days to secure their place.

The college can't give specifics on dates for the events as they run separate ones for each course area, but all students will receive a 'Save the Date' email to the address they provided roughly 6 weeks before the event. Then around 2-3 weeks before students will receive their official invite via email, an email to parents/guardians/carers to let them know they've been invited.
