

## NWSLC SCHOOLS EXPRESS

START HERE. GO ANYWHERE.

With most educational providers moving to online, we have been working hard to think of ways to support students with their post 16 and 18 choices. With this in mind and National Apprenticeship Week on the Horizon, we are holding several different virtual events to support students from year 8 through to year 13.

***To keep it simple this newsletter will just be showcasing the upcoming events!***

As the sessions will be held during school hours we will be able to advise you which students have attended.
